Do not use as a buoyancy aid.  
Choking Hazard -- Contains some small parts.  
Not suitable for children under 6.  
Adult supervision required for children.  
Save warnings and instructions.

### CONTENTS

Inflatable Bag

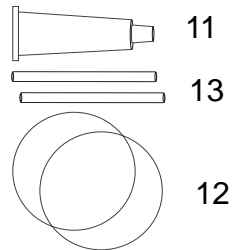

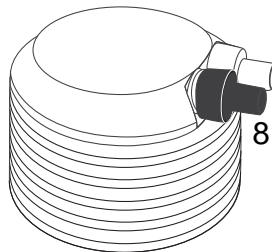

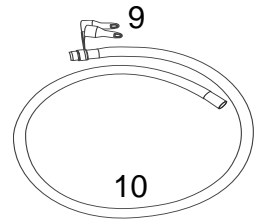

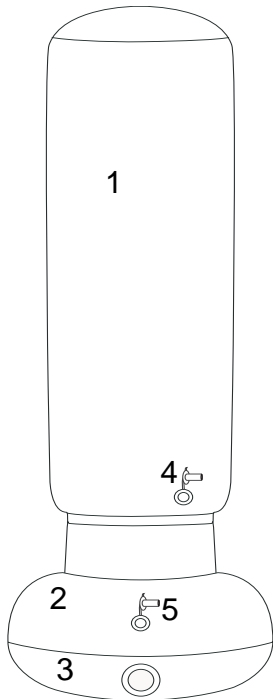

1. Upper Chamber
2. Lower Chamber
3. Base
4. Upper Chamber Valve
5. Lower Chamber Valve
6. Cap
7. Plug

Foot Pump

8. Air Outlets
9. Funnels
10. Plastic hose

Repair Kit / Deflator

11. Adhesive
12. 2 Vinyl Patches
13. 2 Deflator Tubes

#### INFLATION INSTRUCTION:

Use a low pressure pump and gradually inflate. Do not use a high pressure pump/air line. Some wrinkles should still be visible after inflating. Too much air may damage the seams. We recommend you use the pump included with your Youth Inflatable Bag.

To inflate the Youth Inflatable Bag, follow these steps:

To fill base with water:

Unscrew cap at bottom portion of Youth Inflatable Bag.

Remove Plug.

Fill base with water. You can fill it from a faucet.

When full, reinsert the plug and screw the cap back on.

To fill air chambers:

Open valve of upper chamber.

Insert narrow funnel at one end of the hose into the valve.

Attach the other end of the hose to the blue (smaller) air outlet on the pump.

Squeeze the pump by hand (or step on it) until the chamber is inflated.

Close valve to lock air in.

Repeat above steps to inflate the lower chamber.

To deflate the Youth Inflatable Bag:

Open valves. Insert the funnel or deflator tubes into the valves for quicker deflation.

To remove water from base:

Unscrew cap, remove plug, and empty out over sink basin. You can push on or squeeze the base to aid in emptying out the water, but be careful not to let water squirt out.

#### REPAIR KIT

A repair kit is included to patch up leaks that may occur from usage. The repair kit includes 1 tube of adhesive specially suited to the Youth Inflatable Bag and 2 vinyl patches.

To Repair a leak:

First locate the leak. When squeezing gently on the Youth Inflatable Bag, you will feel air blowing.

Apply the adhesive around the affected area but within the radius of the patch.

Apply patch.

Allow ample time to dry.

### **⚠ WARNING**

Warnings pertaining to adhesive included with Youth Inflatable Bag:

**CAUTION: FLAMMABLE MIXTURE.**

Do not use near fire or flame.

Keep tube closed when not in use.

**DANGER: HARMFUL OR FATAL IF SWALLOWED.**
